□ And further that:

The Council of the Township of Norwich acknowledges September 24, 2026 as National Resilience Day in our community.

National Resilience Day recognizes the strength of individuals, families and communities who face illness, loss, caregiving, disability, economic hardship and other unexpected life changes.

It encourages residents to support one another through meaningful acts of resilience– checking on someone going through a difficult time, supporting a caregiver, helping a neighbour, thanking a first responder, or simply reaching out to someone who needs encouragement.

On September 24th, Council encourages the people of Norwich to recognize the resilience within our community and the importance of helping one another move forward when life changes unexpectedly.
